

# DIGITAL SOLUTIONS FOR FAITH LEADERS

Am Digital Magic is proud to be your trusted strategic partner in the ever-evolving digital environment. We stand out for transparency, ethics, and adaptability, and we are committed to the growth and visibility of our clients through personalized and effective digital marketing solutions.

Our vision is to restructure digital solutions for faith leaders and their faith communities. We're here to ease your path to success.

by Pastor Alexander Melo

## Leadership in the 21st Century

### Adaptability

Leaders must adapt to changes in modern society and use digital tools for greater influence.

### Transparency

Honesty and transparency are critical to building meaningful relationships with the faith community.

Effective collaboration between religious leaders and their community will strengthen their impact on society.

### Actions for a Positive Impact

Every Piece Counts

Prayer and the work of the Holy Spirit are critical to initiating meaningful change.

Don't Leave Anything Done

Successful organizations obtain accurate information and are efficient by using mass media and social media.

Find solutions

It's important to understand how the community connects to impact the 21st century.

## Tips for Establishing a Clear Vision

1 Knowing the Reality

Analyze the demographic statistics and look for the local reality that you want to impact and transform.

2 Significant Impact

Changes in today's society require a different look for an effective impact.

#### STRATEGIAS EN

### NG DIGITAL

## Methods to Get to Know Your Community and Values

Detailed Analysis

It uses available tools to understand social dynamics (Google.com), and design a vision and mission according to the desired reality.

2 Presentation of Findings

Gather your leadership and present the findings to them so that they know the local reality in an organized way.

3 Teamwork

Collaboration with your leadership will bring visible and effective results.

## Strengths, Weaknesses, and Opportunities in Your Faith Community

#### WEAKNESSES

Recognize ineffective programs, weak ministries, evaluate the church's evangelistic presence and plans.

#### STRENGTHS

It identifies successful programs, outstanding ministries, and significant findings from demographic analysis in your community.

#### **OPPORTUNITIES**

Consider new programs, social media opportunities, and changes needed for a clear, measurable, achievable, and impactful vision.

### Strategic Planning and Evangelism

**Action Plan** 

Evangelization

Social Media

Identify and maximize strengths

Develop a clear and consistent plan to impact the community

Take advantage of digital platforms to spread the message of faith

## STRENGTHS Identify strengths in the church. Responds:

| O        | Which of the established programs do you find successful?             |
|----------|---|
|          |   |
|          |   |
| <b>)</b> | Do you identify any important ministries in the church?               |
|          |   |
| )        | Do you identify any important findings from the demographic analysis? |
|          |   |

## WEAKNESSES Identify weaknesses in the church. Responds:

| Is there a ministry t | hat you identify a  | s weak in the  | church, if your | answer is (yes), indi | cate  |
|-----------------------|---------------------|----------------|-----------------|-----------------------|-------|
| why?                  |                     |                |                 |                       |       |
|                       |                     |                |                 |                       |       |
|                       |                     |                |                 |                       |       |
|                       |                     |                |                 |                       |       |
| Does the church ha    | ave a presence in t | the communit   | y, through som  | e plan of mercy, and  | d can |
|                       | ave a presence in t | the communit   | y, through som  | e plan of mercy, and  | d can |
|                       | ave a presence in t | the communit   | ry, through som | e plan of mercy, and  | d can |
|                       |                     |                |                 |                       |       |
| people notice it?     | ve a clear and con  | ısistent evanç |                 |                       |       |

#### **OPPORTUNITIES**

## Identify opportunities in the church. Responds:

|                  | What opportunity                    | What opportunity do you think social networks offer them to make themselves known, and |              |              |                |             |               |          |
|------------------|-------------------------------------|--|--------------|--------------|----------------|-------------|---------------|----------|
|                  | to evangelize?                      |  |              |              |                |             |               |          |
|                  |                                     |  |              |              |                |             |               |          |
|                  |                                     |  |              |              |                |             |               |          |
|                  |                                     |  |              |              |                |             |               |          |
|                  |                                     |  |              |              |                |             |               |          |
| )                | What changes as                     | a leader are   | e you willir | ng to make i | n your life, a | and for the | benefit of th | ne churc |
